CLUB  
MANAGERS  
ASSOCIATION  
OF AMERICA

Virginias Chapter of CMAA is joining forces with Virginia Golf Course Superintendents Association of America and National Golf Course Owners Association Virginia Chapter to offer a special networking event.

### Environmental Best Management for Virginia's Courses with Peter McDonough

In 2011, Peter McDonough skillfully guided the team responsible for the production of the 'Best Management Practices for Virginia Golf Courses' project, emphasizing the commitment of Virginia's golf course superintendents to efficiently manage natural resources and to be stewards of the environment. The BMP project began as a dream several years ago, and through the leadership of McDonough, it became a reality with the engagement of the top superintendents in Virginia, Virginia Tech faculty turf experts and top industry suppliers, as well as effective fundraising of numerous sources (allied associations, vendors, private donors, etc.). The BMP guide has just been published as is available at [www.vgcsa.org/bmps](http://www.vgcsa.org/bmps). Peter McDonough of The Keswick Club has been recognized by the VGCSA with its new Environmental Stewardship Award for 2011.

### Trends in Golf Course Architecture and Renovation with Andrew Green, Golf Course Architect of the McDonald Design Group

Andrew Green graduated with honors from Virginia Tech. in 2001 with a Bachelor's of Landscape Architecture and a Bachelor's of Science in Crops, Soil and Environment Science. Andrew had been involved in golf course maintenance of both warm and cool season grasses since 1994. He joined the McDonald Design Group in 2001 performing all design duties. In addition to establishing a successful track record with several of the finest courses in the Mid Atlantic Region, McDonald and Sons has completed design work for other top courses around the country including Baltusrol, Bethpage Black, Oak Hill, Oakmont, Merion, Pine Valley, Shinnecock Hills, and Winged Foot.
